How To Use This Schedule

On the schedule and map are numbered timepoints. Timepoints on the map are numbers along the route that coincide with numbers above each column on the schedule. You can determine when a bus is expected at a specific point on the map by looking at the column with the same number above it on the timetable.

- Find the **timepoint** on the route map that is closest to where you want to start your trip.
- Find the column with the same timepoint label above it. The times listed in that column show when the bus will pass by that point on the map.
- Read down the column to determine the departure time.
- Read across to determine the time of arrival and intersection nearest your destination.
- If your bus stop is between timepoints, use the earlier timepoint to catch your bus.
- If you are riding the Ewing Shuttle to connect with either NJTRANSIT's 601 or 606 bus route, locate the transfer point on the map identified with a blue circle with the route number.
- If it is safe to do so, the Ewing Shuttle will make stops to board and discharge passengers at locations that are not marked with a NJTRANSIT bus stop sign or at a timepoint.

Ewing Shuttle Route

The Ewing Shuttle bus travels clockwise along Parkside Ave., Spruce St., Princeton Ave., N. Olden and back to Parkside Ave.

NJ TRANSIT Bus Route 606 Princeton-Mercerville-Hamilton Market Place 606 departure and arrival times at Princeton Ave. and N. Olden Ave.
